O Purpose O Diversified Real Asset Fund

Hello <Advisor>,

We all have certain tools in our arsenal to combat negative situations. Bad hangover? McDonald's breakfast. Bad breath? Tic Tac. Broke and trapped in a dystopian reality? Squid Game.

It's time to add another tool to your arsenal, and protect your clients' portfolios from inflation with Purpose Diversified Real Asset Fund (PRA). Why?

In September this year, the CPI in Canada increased by 4.4% year over year, signifying the highest inflation rate since 2003.

PRA is uniquely designed to protect against inflation through its diversified portfolio of commodities and equities linked to real assets. Much like your go-to for livening up a bad party is Motown, when you think inflation, your go-to should be PRA.
